

Inside Sales Engineer

Are you motivated by a career in sales AND technology? Then combine these two passions in this varied sales office position at PWR and translate the wishes of our customers into high-tech robotic solutions that we can offer.

This will be your job

In a structured and organized way you support and advise our sales and concept teams. Together with a colleague you are the first point of contact for the sales department, both for internal and external customers. With your curious and open attitude you are constantly looking for the best solutions and you move smoothly through all layers of the company. The wishes of our customers are quickly and effectively translated and worked out by you, with a right first time level of quality, to develop solutions that add value for our customers.

Success is yours by

- Preparing sales quotations with detailed technical descriptions and supporting documentation to clearly communicate PWR's unique offer to the customers.
- Initiating, facilitating and supervising internal testing and evaluation.
- Supporting the sales managers by understanding and grasping the PWR Pick and Place concepts
- Taking responsibility for and maintaining customer and contact information and current pipeline requests in our CRM system for specified regions.
- Managing the quality and consistency of all document flows of the sales routes and the associated storage.

Variety and challenge enough!

What we ask of you

- a completed technical HBO education (bachelor) in mechanical engineering, automation, electrical engineering or mechatronics
- minimum of 3 years' experience in quoting complex technical machines and complete systems in the mechanical engineering/food packaging industry alongside an understanding of how the solutions are and calculated.
- knowledge of current software programs (MS Office 365), CRM or ERP systems and their operation; knowledge of SolidWorks drawing packages is a plus
- Excellent command of the Dutch, English and German languages

You will get this from PWR

- Working for a technically advanced, customer centric organization where innovation plays an important role.
- Join #teamPWR; pleasant ambiance, friendly and enthusiastic colleagues with yearly and seasonal activities
- A fulltime job position (40 hours/week) with flexible working times (07.00 am – 18.00 pm) and of course a matching salary and secondary employment conditions (25 vacation days and 13 ADV)
- Focus on personal vitality (budget for sports), development and education

Convinced we will be a good match

Now it is up to you! If you want to know more, please contact Rosemarie Tekampe, HR Manager. If you want to apply directly, send an e-mail with a short motivation and CV to recruitment@pwrpack.com. See you soon!

About us

PWR is the specialist for custom-made automated robotic packaging solutions in the Food industry. We are specialized in high speed packaging of products with Delta robots. Our products are premium technical solutions of which we master the technology which we constantly develop.
