

Senior International Project manager

Do you have a talent for organizing, communicating and motivating? And do you live for customer satisfaction? Then join PWR as a Project Manager and ensure that our high tech robotics solutions are successfully delivered to our customers, worldwide!

This will be your job

As International Project Manager, you are the connecting factor between PWR Pack and the external client where you are responsible for the successful delivery of the solution, on time and within budget. In this role you will tie up all the loose ends with the goal of a satisfied customer, within the predefined playing field. You do this by working with the project team to translate functional requirements into concrete functionality and technology. Customer visits are also part of your job.

You are a stress resistant communicator who can switch quickly and still maintain an overview. You know how to stimulate the people with whom you work in a positive way to achieve maximum results. You have fun in what you do!

Success is yours by

- Maintaining customer relations, ensuring realization of the project and acceptance by the customer on site;
- Monitoring progress of production/assembly and bridging any differences between planning and realization (delivery time, supplementary and/or additional work);
- Timely and clear reporting to the organization;
- Controlling the budget, cash flow and ensuring optimal margins;
- Realizing aftercare at- and for the customer and steering on follow-up orders.

What we ask of you

- Bachelor or Master degree (technical- or business education);
- Knowledge of and experience with project management and Mechatronics;
- Knowledge of standards, guidelines and systems in the field of quality and (machine and food) safety;
- Command of the Dutch and English languages (spoken/written), German is an advantage.

You get this from PWR

- Working at a technically advanced organization where innovation plays an important role. Who doesn't want that?
- join #TeamPWR; good atmosphere, great colleagues and various annual and seasonal activities;
- Excellent compensation for staying abroad;
- Full time employment (40 hours pw) and of course an appropriate salary and fringe benefits (25 vacations and 13 ADV days);
- Plenty of attention for development, training and personal vitality (sports budget).

Convinced we will be a good match?

Now it is up to you! If you want to know more, please contact Jan-Willem Tent, Recruiter A.I. If you want to apply directly, send an e-mail with a short motivation and CV to recruitment@pwrpack.com. See you soon!

About us

PWR is the specialist for custom-made automated robotic packaging solutions in the Food industry. We are specialized in high speed packaging of products with Delta robots. Our products are premium technical solutions of which we master the technology which we constantly develop.

We understand our customers' needs by engaging with them throughout the entire process. With the latest up to date technology we ensure the highest running efficiencies, minimal down time, low cost of ownership and the best price to value ratio in the industry. A good relationship with our customers is a vital part of our company.
