

Financial Project Controller

Are you an expert with numbers and small print? Are you looking for a job that makes an impact? Then roll up your sleeves and lead the financial accountability of our (complex) projects in the right direction!

This will be your job

In this role, you will support the Project Management department in the timely delivery of qualitative financial information and insight into the (financial) status of our ongoing projects. This management information is crucial for the continuity assessment of the organization. You also will support the project managers in the timely delivery of administrative tasks and the monitoring of the milestones. By nature, you are an enterprising self-starter who likes to take control and successfully complete projects. You will work closely with the project managers and finance colleagues and advise and support them in streamlining the projects. With a collegial attitude, you create support and help oversee the processes, suggest improvements, and make connections.

Success is yours by

- monitoring project budgets (hours and money) and progress in consultation with the Project managers and detecting financial risks in a timely manner;
- managing deadlines / milestones and planning the work to be carried out;
- analyzing project data in order to identify bottlenecks in time, limit failure costs and set out actions for the future;
- drafting financial project-related reports and informing Project management and Finance;
- (further) development of systems/reports to improve project management and (financial) insight into projects;
- signaling and proposing process improvements

A nice challenging new role that appeals to your excellent critical and analytical skills!

This is what we ask from you

You are suitable as the "financial conscience" of our projects if you have:

- HBO work and thinking level and a completed relevant education in the field of project controlling, business economics, business administration or accountancy;
- experience as a Project Controller and / or with Project Management, preferably in an international project organization;
- Knowledge of and experience with financial and ERP systems (Twinfield and Ridder iQ);
- Excel is your best friend and has no secrets for you, preferably you are familiar with SQL connections and Power BI;
- excellent command of the Dutch and English languages, both verbally and in writing.

You get this from PWR

- working for a technically advanced project organization where innovation is important;
- a full-time employment contract and of course an appropriate salary and secondary employment conditions including 25 holiday days and 13 ADV days;
- focus on personal vitality (budget for sports), development and education (seminars, trainings, etc);
- join #teamPWR and become part of group of friendly enthusiastic colleagues with yearly and seasonal activities.

Convinced we will be a good match?
